CALL FOR PAPERS

SATSA MUKHAPATRA -Annual Technical Issue (ISSN: 0971-975X)

Peer-Reviewed | NAAS-Rated Journal | ISSN: 0971-975X | Published Since 1996

Volume: 31 (2027)

Theme: "Natural Farming: Anchoring Sustainability and One Health in Modern Food Systems"

State Agricultural Technologists' Service Association (SATSA), West Bengal is an Association of Agricultural Technologists those are serving our farming community as Administrative/Extension officers and Research Scientists under the Department of Agriculture, Government of West Bengal.

We are happy to inform you that since 1996 SATSA has been bringing out official publications in the form of a scientific journal "SATSA MUKHAPATRA-Annual Technical Issue" (ISSN No.-0971-975X) rated by the National Academy of Agricultural Sciences (NAAS), documented in the full text repository of CAB International (CABI), abstracted in the Indian Science Abstracts (NISCAIR) and the Indian Agricultural Sciences Abstracts (ICAR) with a view to update the knowledge base of scientific & farming communities about the latest technological advancement in agriculture on a particular theme.

In the past, we have had the privilege of receiving high-quality articles from renowned scientists and specialists. All previous publications, along with the full list of authors, are available and easily accessible online on our official website: www.satsawb.org.

The Editorial Board of the "SATSA Mukhapatra -Annual Technical Issue" invites original research articles, review papers and short communications for **Volume: 31 (2027)** addressing the focal theme:

" Natural Farming: Anchoring Sustainability and One Health in Modern Food Systems"

As the world confronts the intertwined challenges of climate change, biodiversity loss, soil degradation, food insecurity and emerging public health concerns, **Natural Farming** has emerged as a transformative approach for building resilient agricultural systems. Integrating the **One Health** framework with natural farming practices offers a holistic pathway to restore ecosystem health, enhance soil fertility, ensure food safety, improve human and animal well-being, and strengthen climate resilience.

The forthcoming volume aims to provide a multidisciplinary platform for researchers, academicians, policymakers, extension professionals and development practitioners to share innovative research findings, technological advancements and practical experiences that contribute towards sustainable agriculture and healthy food systems.

State Agricultural Technologists' Service Association West Bengal

[Registered Under Registration of Societies Act, XXVI of 1961 No. S/30120 of 1980-81]

Regd. Office: 8D, Krishna Laha Lane, 1st Floor, Kolkata-700012

Website: satsawb.org; E-mail: satsa.wb@gmail.com

Submissions may include the following topic, but are not limited to:

- Natural Farming: Concepts, Principles and Innovations
- One Health Approach in Sustainable Agriculture
- Soil Health, Soil Biology and Carbon Sequestration
- Agroecology and Biodiversity Conservation
- Organic Inputs, Biofertilizers and Biopesticides
- Sustainable Crop Production and Resource Conservation
- Water Conservation and Efficient Irrigation Management
- Livestock Integration and Animal Health
- Food Safety, Nutrition and Human Health
- Indigenous Technical Knowledge and Traditional Farming Practices
- Digital Technologies Supporting Natural Farming
- Agricultural Extension, Capacity Building and Farmer Empowerment
- Agricultural Policy, Economics and Rural Development
- Sustainable Value Chains and Market Linkages
- Success Stories, Case Studies and Field Experiences
- Emerging Technologies for Sustainable Food Systems
- Any other topic relevant to the theme

Submission Guidelines:

- Authors are requested to prepare manuscripts according to the 'Author Guidelines' available on the journal website [<https://www.satsawb.org/annual-technical-issue/>].
- All submissions should be original, unpublished and not under consideration elsewhere.
- All manuscripts will undergo a standard peer-review process prior to acceptance.
- Accepted papers will be published in Volume 31 issue.

Digital Access & Online Availability

- **Online Publication:** Published papers for Volume 31 (2027) will be made available online for global reach and readership.
- **Archive & Past Issues:** Full-text articles and author list from previous issues are accessible at www.satsawb.org.

Important Dates:

- **Manuscript Submission Deadline:** 15th October 2026
- **Publication Date:** January 2027

Submit your papers to: satsawb.publication@gmail.com
